

Hillside Daylilies Price List – April 2023

Prices are in the currency of the buyer's home country. Shipping is \$25 for most locations depending upon shipment size and I plan to use UPS primarily. Shipments to the United States require a phytosanitary certificate at an additional cost of \$15. Shipping will begin in early May, weather depending. The supply of some cultivars is extremely limited if not sold out so please inquire before ordering. We ship the largest plants available on a first come, first serve basis. Cultivars by other hybridizers may be available if my clumps are large enough to divide. Feel free to inquire if there is something you are looking for. To reserve plants and to confirm availability, please contact me at David.mussar@sympatico.ca
